For queer & trans people in need!

Hours: Mondays @ 6

Or by appointment

The Clothing Closet was born out of the need for affordable, gender confirming clothing for transgender people in Mid-Missouri. We will also be offering clothes to all queer people in need, whatever the reason may be. The idea is to ease the financial burden of transitioning or coming out for queer and trans people. It will work sort of like a clothing swap, where people bring in clothes they no longer wear, and are able to get clothes others have donated. That way, by donating clothes you are giving back to the community and the closet will never go empty.

1 Clothes are free but require a clothing donation. To get clothes from the clothing closet, you must put clothes in! Think of it like a clothing swap!

You can utilize the closet up to four times a year, once per season.

3 For every type of clothing category you request “everyday”, “dress clothes”, etc, you will get a certain amount of clothes. For more specific information visit our website at thecenterproject.org

We can offer bra/binder sizing appointments and fitting/hemming of dress clothes and everyday pants.
